IT IS NO IDLE BOAST; BUT AN ESTABLISHED FACT
 THAT

Ford V-8

IS THE PROVED ECONOMY CAR.

HERE'S MORE PROOF: During a recent motor tour of 1531 miles, a privately-owned local Ford V-8 consumed 63 gallons of petrol, which averages—
24.3 Miles Per Gallon.
 This result further demonstrates that the Ford V-8 is not only unrivalled for performance and value; but that it is an outstanding economy car.
 AN OPPORTUNITY OF GIVING PRACTICAL PROOF TO ANYONE SUFFICIENTLY INTERESTED WOULD BE APPRECIATED BY
William Whalley Pty. Ltd.
 SOLE AUTHORISED DISTRICT FORD DEALERS
